CLERK: 23 ayes, 2 nays to raise the Call, Mr. President.

PRESIDENT: The Call is raised. We go to Select File, number ten on your agenda. LB 446.

CLERK: Mr. President, LB 446 when last considered by the body, we considered it on March 23 of this year. There were amendments offered by Senator Brennan which were adopted on that date. The bill was voted on for advancement. It failed to advance, Mr. President. I now have amendments offered by Senator DeCamp.

PRESIDENT: Senator DeCamp.

SENATOR DE CAMP: Thank you, Lieutenant Governor Whelan. Mr. President, this is a minor amendment. It merely guts the bill, strips all the original intent, goes back to the old system that we have now in the law, keeps it in the hands of the Legislature for the future in the area of Workmen's Comp. What I do in the amendment is, I say, I completely eliminate Senator Brennan's new system and go to the existing system and then I change the amount under Workmen's Comp that's allowed to be obtained from a hundred and forty to a hundred and sixty five. Why a hundred and sixty five? Because a hundred and fifty five or a hundred and sixty was the most the business community said they'd go and a hundred and eighty five or a hundred and eighty was the least Senator Brennan said he thought was reasonable and so this was just a little more than the most they said they'd go and a lot less than what he thought was reasonable and it still maintains the original system and I think it stands a chance of passing and being something that addresses this particular problem and it's fair in the area of Workmen's Comp. I move adoption of the amendment.

PRESIDENT: Senator Brennan.

SENATOR BRENNAN: Mr. President, members of the Legislature, faced with a flood of misinformation and the anti-people lobby, I concur in this amendment and also move for its adoption.

PRESIDENT: Senator Murphy.
